Personal

Date of Birth: 20 January 1947 Permanent Florida Resident

Dr. Watts and his wife Sherry live in Sarasota, Florida and have two children and four grandchildren.

They are both very active in the community of Sarasota, serving as advocates for education, children, health, and personal development.

They are strong supporters of Girls Incorporated, a non-profit organization that teaches and encourages girls to learn, grow, and become empowered.

They also support a Haiti based hospital, Hospital Sacre Couer, located in the town of Milot, which serves the medical needs of children and adults in the surrounding areas.

They also support Misión México which is a refuge that provides loving, secure homes for children of all ages who have been abused, neglected, orphaned, or abandoned.

In addition to their community involvements, they enjoy various outdoor activities such as mountain biking, hiking, and camping. They are passionate about proactive, healthful living.
